APRIL 1917

TOTAL FOR WAR

Diagram 3.—Sources of the Army.

When war was declared there were only 200,000 in the Army. Two-thirds of these were Regulars and one-third National Guardsmen who had been called to Federal service for duty along the Mexican border. When the war ended this force had been increased to 20 times its size and 4,000,000 men had served.
